

Strength in numbers: Proving efficacy in a sea of small “N”

Presented by Chris Hamper, CP-C, ACP AAS; Louisa Partain, ACP, AAS and Paul Bollinger, MPH

International Roundtable of Community Paramedicine June 4, 2016

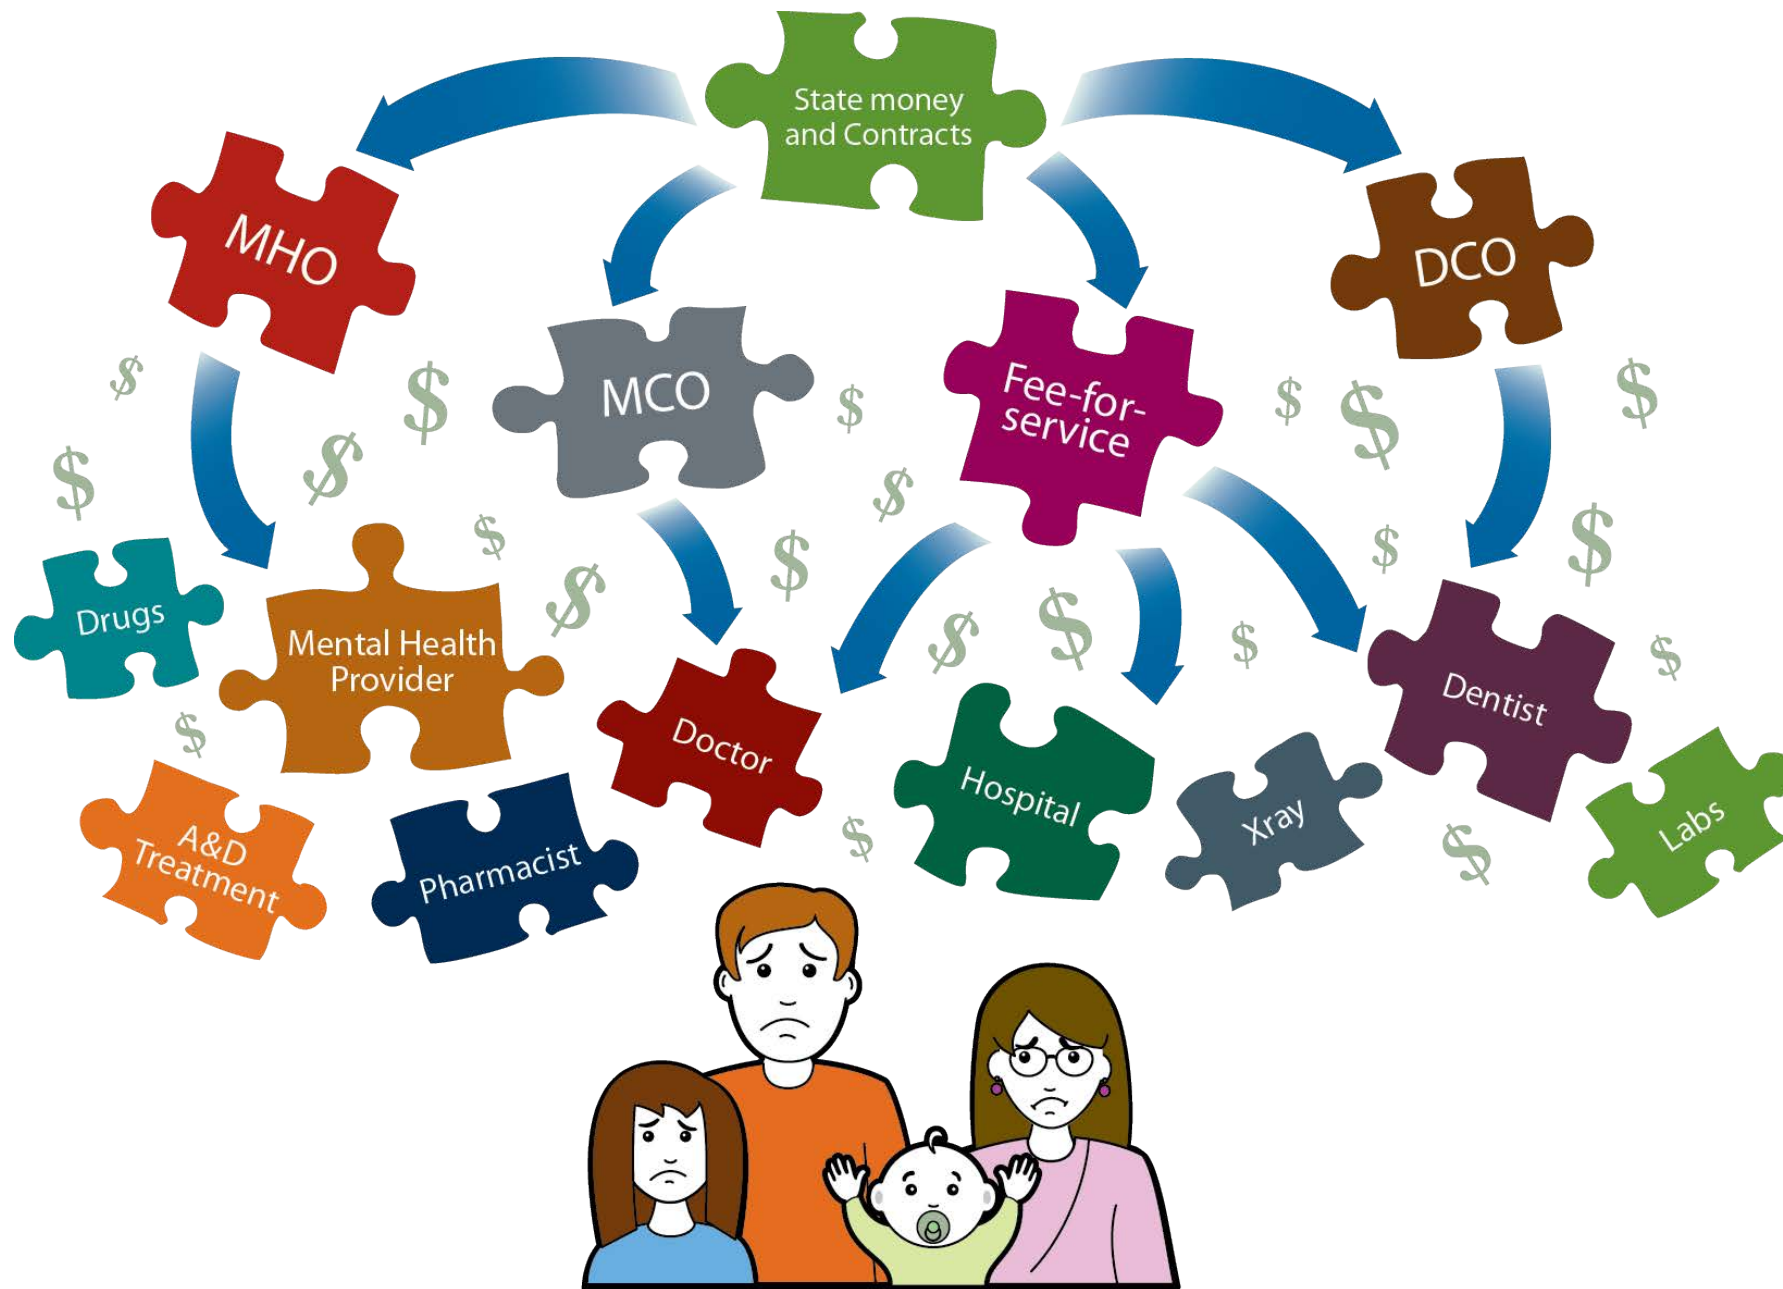

Saskatoon, SK

**KEEP PORTLAND
WEIRD!**

What does transformation look like?

Asking the Questions:

- Can we do more with less?
- Can we do more of what works?
- Can we let go of what doesn't?
- How do we create best possible lives for our Oregonians?

- ✓ **Changing** the delivery system
- ✓ **Changing** health care's relationship with community resources

So now what?....

Return on Investment

Quality Assurance

Quality Improvement

Standard of Care

Oregonian Triple Aim:

1 Better health.

2 Better care.

3 Lower costs.

We need to stop
thinking about EMS in
traditional means.

EMS is
Everybody's
Medical Services
